When searching for a GIPS Verification Firm, we used a number of criteria. We wanted a verifier who truly knew the standards, offered a high level of service, and could provide us with the support we needed to achieve GIPS compliance in an efficient manner. The Spaulding Group exceeded our expectations in all of these areas. Their verifiers are highly knowledgeable and are able to break-down the complexities of the standards in a way that makes it easy to understand and apply. They provided us with the tools and support necessary to confidently move to compliance. We strongly recommend them to any firm that wants to become GIPS compliant and/or verified.
