If you are thinking about bringing your firm into compliance with the Global Investment Performance Standards (GIPS®) or considering a change in verifiers, then you should talk with The Spaulding Group. They gave us the insights, tools, knowledge, and ongoing support we needed to go from non-compliance to compliant and verified in an efficient, straight forward manner. They were responsive, insightful, and always willing to help. I strongly recommend them to you if you are looking to become compliant or if you are looking for a new verifier.

Sincerely,
