Hey Chris,

Good morning.

I am writing this quick note to mention that it has been a great experience to go through the process of verification and I am very satisfied with your firm's approach. All the preliminary documents that were sent in preparation for the meeting were beyond helpful. Without a doubt, The Spaulding Group offered the top-notch professionalism, expertise, and knowledge that one should expect when considering their GIPS verifier

I hope you and your family have a great holiday season.

Mike
