33 Clyde Road, Suite 103  
Somerset, NJ 08873

To Whom This May Concern:

We've worked with The Spaulding Group for almost five years and highly recommend them to any firm looking to become GIPS compliant or considering a change in verifiers. Their on-site, annual verifications are thorough, efficient, and they don't disrupt our business. Their verifiers are knowledgeable and they complete the work in a timely manner and are very responsive to our questions.

Sincerely,

Robert E. Miller, CFA  
Managing Principal
